

English

In English we will be learning how to write to develop atmosphere and feeling using the text Blue John. We will also be studying explanation texts and a range of poetry. We will continue with guided reading, phonics and SPaG.

Maths

This term we will continue to cover:
Accurate use of language when making, identifying, describing, comparing and sorting shapes.
Solving one-step and two-step problems
Equivalent fractions with small denominators
Adding and subtracting fractions
Comparing and ordering fractions
Grid and short multiplication
Division methods
Tell the time from an analogue clock, including roman numerals, 12 hour and 24 hour

Science

This term the children will be learning about Evolution, adaptations, and Inheritance. They will also learn about the circulatory system and the effects of diet and exercise on our bodies.

Art

In Art we will be sketching and painting local landscapes as part of our locality study of Okehampton. We will also be learning about textiles and the children will be weaving and felting.

ICT

In ICT the children will be learning how to write simple code using a range of programs such as Scratch and Hopscotch.

History

In History we will be undertaking a local study of Okehampton. Looking at how the town has changed from Prehistoric times to the present day.

Summer Term

Local Study of
Okehampton

Music

We will be developing singing skills and producing our own compositions to accompany the school production.

Geography

This term we will be learning about the counties of England. Comparing their similarities and differences in terms of both physical and human geography.

PSHE

The children will be learning about the topic 'Changes'. They will discuss how to prepare for change and how to be resilient to change.

PE

This term Achieve4All will be teaching the children cricket and athletics.

RE

This term the children will be comparing the three religions of Christianity, Sikhism and Buddhism in the topic 'It Matters to Me, It Matters to Others'
