The children will also experience the language and culture through other activities such as cooking and tasting sessions and making links to other areas of the curriculum such as Geography.</p>	<p>The children are <b>self-motivated</b> and <b>independent</b> learners. <p><b>Recognising different languages</b> The children will understand and respond to spoken and written language from a variety of authentic sources.</p>		<p><b>Speaking and Listening</b> Children can speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation.</p>	<p><b>Written Language</b> Children can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt discover and develop an appreciation of a range of writing in the language studied.</p>
<p>At Spreyton Primary school, we believe all children should have the opportunity to learn a different language. Following a program of study starting in Year 3 children have weekly lessons which build their knowledge from naming simple nouns to being able to write in simple sentences in French. The children have opportunity to hear, sing and learn phrases and learn to build conversations growing in confidence as they progress through the school. They learn through the four strands in the curriculum: speaking, listening, reading and writing. We follow the progression in grammar and content through the Grammarsaurus scheme of learning. We also share with the children some of the culture and way of life in France and French speaking places.</p>
