## Dates for the Diary

Monday 18th September—Community cream tea and parent forum. All families and members of community welcome.

Wednesday 20th September—After School Achieve4All Club. Please book your child into the club through the achieve4all website ([achieve4all.co.uk](http://achieve4all.co.uk)),

Thursday 21st September—Drum lessons

Tuesday 26th September—Junior Lifeskills for Year 6 children

## Message from Mrs Donne

The children have had a wonderful time this morning with a real life artist! Steve McCracken has had some really interesting stories about his street art and where in the world you can see it, and the children have created some wonderful bird paintings in the style of his street art. This is the first of a series of 6 mornings the children are doing with Meraki Art School, which will culminate in some art work we can display in our school. See pictures overleaf.

Don't forget to come and have a cream tea and a chat on Monday at 2.45pm. Hopefully the weather will stay fine and we can be outside.

### Lego Club

We are looking to start Lego club again soon, but first need to know how many children are interested. This will be a paid club, the same price as last year - £3.50 per session. We need 4 children to sign up for the club to go ahead, and this can be paid in advance for the whole term. Additional spaces are available on an ad hoc basis as long as we have enough children signed up to go ahead. It will be either on a Monday or Tuesday. Charlotte is sending a letter out to indicate your child's interest, and any preferences you have for which days.

## News from Swallow Class

We've been getting down to our proper learning routine this week, and started phonics for y1 and spellings for Y2. We have started Math's too, place value to start with, up to 10 for Y1 (nice and easy while they get used to formal Math's lessons) and up to 100 for y2. Our text we will be exploring for the next few weeks is Oi! Frog, which is brilliant. Lots of focus on rhyming and humour. We have started our Happy Healthy Me science topic with a discussion about what animals need to survive, and the happy element by talking about well-being and planning some well-being activities for the next few weeks.

## Stars of the Week

<b>Swallow Star of the Week is</b>	<b>Livvy</b> - for making an amazing start to her time at Spreyton! She has shown a huge amount of positivity during lessons, breaktimes and assemblies, and being a joy to have around!
<b>Hare Star of the Week is</b>	<b>Jack</b> - for being a brilliant addition to Spreyton School. We have already seen an impressive improvement in his writing and his Math's, mainly because of his excellent attitude to learning.

## News from Hare Class

Our first full week back has been busy and positive. The children are being very respectful and kind to each other with new friendships forming. It looks like our art project is going to yield some excellent results!

If anyone has an unused balance bike at home, we would welcome it in school! We would also love a better water/sand table, if anyone has one they would like to donate. Thank you.

# Menu W/C 18.09.23

Monday	Margherita Pizza Quorn Burger in a Bap Flapplejack	Jacket Potato School Packed Lunch
Tuesday	Beef Burger in a Bap Quorn Hot Dog in a roll Apple & Cinnamon Muffin	Jacket Potato School Packed Lunch
